SUNBEAMS: 3 Day program (Monday, Wednesday Friday)

Childhood is a time of wonderment, curiosity and investigation. Through play, children develop ways of learning. Our heritage is rich with children's games, rhymes, fairy tales and parables and that have survived the years and are still loved today. We can appreciate them even more by realizing that beyond enjoyment, a child is developing skills in the areas of coordination, rhythm, imagination, and fair play. This month will promise to be one of our most interesting, and fun months that your child will carry with him/her for the rest of their lives.

Perfect Predictions: Prophecy never came by the will of man, but the holy men of God spoke as they were moved by the Holy Spirit. 2Peter 1:21

At the beginning of a new year, we hear many predictions. But then, making predictions is nothing new. In 1983, US News & World Report magazine had a section title "What The Next 50 Years Will Bring." It had the usual suggestions about the growing importance of computers, about new medical breakthroughs and about the sleeker, faster ways of getting around. The introduction said, "Prediction is at best a risky business: Then it quoted Sir Francis Bacon, who said, "Dreams and predictions ought to serve but for winter talk by the fireside."

That may be sure of man's predictions, but not of God's prophecies. Many may speculate about what will happen next week, but God showed us in the Bible that He knows the future. This truth is one reason we can have absolute confidence in the Book of books. The Old Testament contains hundreds of prophecies about people, events, and nations that have already been fulfilled. The chances of that many predictions coming true is astronomical. Do you lack confidence in the Bible? Spend some time examining its many fulfilled prophecies. I predict you'll be convinced that it truly is God's Word, and that you can rely on it for everything in your future – JDB

"In a changing world, you can trust God's unchanging WORD."
